SUMMARY

Full stack web developer with experience leading award-winning teams. Recently earned a certificate in full stack development from the University of New Hampshire, acquiring skills in HTML, CSS, JavaScript, responsive web design, and database applications. Developed strengths in remote, team based software development methodologies, deadline management. Takes pride in creating intuitive, reliable, and impactful applications. Thrilled for the chance to use this skill set professionally, to develop software to drive organizational success and improve user experience.
